

CHINO HILLS HIGH SCHOOL | ATHLETIC REOPENING PLAN – 2020

Introduction

With the board voting to reopening athletics, CVUSD is proud to announce the return of Fall sports conditioning. The sports that will be returning for Phase 1 activities will be

- Football
- Cross Country
- Boy/Girls Water Polo
- Boys/Girls Volleyball
- CIF Competitive Cheer
- Band

Before you arrive

Before your athlete steps on campus, they will need to take the daily assessment survey. This survey is a daily screening log to ensure students are participation in the self assesment. This link will be posted EVERY DAY on the CHHuskies.com website and Chino Hills athletics social media platforms(Instagram and Twitter). If the survey is not completed DAILY, athletes will be sent home.

Students will also need to be cleared through Athleticclearance.com before being able to practice. Please see attached form for details.

Athletes must have waiver form signed (see attached form) before participating for the first time(one time only).

They must have a mask on when they exit the vehicle and have their own water bottle. It must be clearly labeled with their name (water will not be provided).

Locker rooms will be closed. Students only need to bring the items needed for practice. (We are not responsible for any personal items.)

On-Site Procedures

This is a step by step guide for when a student exits the car. Parents are not allowed out of the vehicle. Students must have masks on and get in line (by the football field).

On the first day only, students will get checked for athletic clearance and turn in their signed waiver form. Everyday they will have to complete the daily assessment survey at home before they come on campus (students will be sent home if they do not complete the survey daily). Athletes will take a verbal assessment and receive a temperature check from the Training staff. Parents should wait in car until student passes clearance. Once cleared, they will receive a wristband and enter the facilities.

Students will wear masks when they are not doing sports related movements. They will remain socially distant when walking to their cohorts. Once with their teams, they will begin practice.

*Parents need to be on call in case athletes develop symptoms or do not follow entrance protocols.

Pick-up Procedures

Athletes will be walked out (with masks on) in their cohorts to ensure social distancing. Parents need to remain in their vehicles 5-10 minutes prior to the end of practice. When students get home, they should shower and wash their practice clothes immediately.

Our #1 goal is for students to remain safe. We all want our athletes back doing what they love to do. As a community, if we all work together we can get our students back to the high level of competition as safely as possible.

WE ARE HUSKY STRONG!

"Do your job. Control the controllables. Winners Win"
