

Through the use of teacher created packets and online assignments, our students can continue to learn during our temporary school dismissal. See the table below to view the districtwide daily assignments by grade level.

Students in Grades TK-5

Teachers in these grades will send home a combination of books and packets for students to complete.

Students in Grades 6-8

Every middle school student has a district-issued Chromebook. Much of their curriculum is available online. Teachers may assign additional work through Google Classroom.
